

A modern kitchen featuring built-in appliances. The background wall is covered in light grey cabinets with silver handles. Two black built-in ovens are integrated into the cabinetry. To the left, a dark grey kitchen island with a white countertop holds a sink, a wooden cutting board, and some fruit. A small wooden stool is placed in front of the island. In the center, a dark grey kitchen island with a white countertop features a built-in gas cooktop with a large silver pot on it. To the right, a dining area is visible with a wooden table, white chairs, and a green backpack on a patterned rug. Large windows in the background offer a view of greenery outside.

INSIDE EVERY GREAT HOME

THE BUILT-IN COLLECTION

INSIDE EVERY GREAT HOME

NOW AN EVEN BIGGER PART OF THE FAMILY

THE NEW BELLING BUILT-IN COLLECTION

Efficient, powerful and durable. Including features such as pyrolytic cleaning, Bluetooth® connectivity and 73 litre capacity oven, developed to make everyday life easier. Our new built-in collection with coordinating hobs, hoods, microwave and warming drawer are designed to withstand the demands of a busy household, reflecting the best of modern design and meticulous attention to detail.

A MOUTH WATERING ARRAY OF FEATURES!

ZEUS™ BLUETOOTH® CONNECTED OVEN TIMER*

When you can't be in the kitchen, stay in control with the free Zeus™ downloadable app letting you use your smartphone or tablet to control the timer on your oven, save your favourites and automatically update your clock.

EASY CLEANING OVENS*

Let the oven take care of the cleaning for you. With easy clean enamel, catalytic liners or pyrolytic self cleaning function to choose from, all you have to do is wipe away the mess.

73L LARGE CAPACITY OVEN*

The 73 litre large capacity oven is ideal for cooking meals for big families or dinner parties.

*Feature available on specific models.

EQUIFLOW™ FAN

Our Equiflow™ fan evenly distributes hot air around the full cavity. This naturally results in controlled, consistent cooking around the food no matter its position in the oven.

MULTIFUNCTION OVEN

With up to 15 multifunction's available across the new Belling built-in collection, including Equiflow™, bread proving and defrost, you can have greater flexibility and control in your cooking.

SOFT CLOSE DOORS

Soft close technology on our oven doors reduces noise and gives a smoother action when closing, for a more luxurious feel.

TRIPLE & QUAD GLAZED DOORS

All the ovens in the built-in collection come with three or four layers of glass in the oven door to retain the heat of your cooking, keep the exterior of the door cool to the touch and maximise the A energy rating efficiency in each use.

FULL WIDTH GRILL

Get the most out of the variable rate grill with the full width grill pan. Using every inch of space in the cavity, this handy pan will allow you to cook up the biggest of breakfasts or easily finish and brown the top of your bakes.

CAST ENAMEL PAN SUPPORTS

Lightweight pan supports for easy removal during cleaning but still have the same look and feel as cast iron pan supports.

SWEET, STICKY & REALLY MESSY WELCOME HERE

SELF CLEANING OVENS*

Regarded as the most efficient and effortless cleaning method for ovens.

This function raises the oven temperature to 450°C, turning any fats and grease into ash so you can just simply wipe away. All whilst keeping the oven front cool to the touch.

*Feature available on specific models.
